TO HEAL A CUT OR BRUISE

Fine with Kellogg
Cereals

Strittmatter
Honey and Plant
Co., Inc.

Blairsville, R. D. 1, Penna.

Greetings!

WE THANK YOU for your patronage. If you have not tried our HONEY we hope you will give us a trial order. We guarantee SATISFACTION or your money back. We have thousands of satisfied customers all over Pennsylvania and a number of other states. If you have a friend who you think would be interested in receiving one of our circulars you will do us both a favor by sending the name and address.

GRANULATED HONEY

PURE HONEY when kept for a time will granulate as solid as lard. It can be restored to its former liquid state by heating, but must not be heated to the boiling point.

DIFFERENT FLAVORS OF HONEY

Some people think that Honey is Honey and all should be the same flavor. This is a big mistake as every different kind of a blossom the bees work on will produce somewhat different flavored honey. Our light HONEY is produced by the bees mainly from clover, locust, and other spring blossoms while the dark is mainly from buckwheat blossoms.

PURE HONEY

Some people are afraid to buy strained honey thinking it may not be pure. If our name is on the package we absolutely guarantee the purity and quality.

MEDICINAL USES OF HONEY

HONEY forms the basis of nearly all the best cough syrups, and we think just pure HONEY about as good as any of them. For diabetes use HONEY instead of sugar. For coughs, sore mouths or throat use just pure HONEY or honey and sage tea. For a cut or bruise use just pure HONEY, you will be surprised how quickly it will heal.

FOOD VALUE OF HONEY

HONEY contains about 1485 calories to the pound; therefore honey is one of the greatest foods to supply energy. HONEY also contains some proteins, vitamines, magnesia, lime, iron, etc. In short, one pound of honey contains as much food value as thirty-one ounces of beef-steak, twenty-three eggs, or eighteen oranges. Honey aids digestion and will go a long way toward keeping you young and in good health.

WE HAVE MOVED from Bradley Junction, Pa., to a point on the Wm. Penn highway 2 miles east of Blairsville, and sell lunches, groceries, etc. We lost everything we had at Bradley Junction due to a number of things and taking the wrong people's advice too far. But are doing the best we can now in a better location. Please drop in to see us when you can.

Write for Plant Catalogue.

The above label in two or three colors, appears on all our honey packages, and is a guarantee of purity and quality.

You are cordially invited to pay us a visit.
